

7th SIP PLANNING AWARDS 2021

The 7th SIP Planning Awards introduced significant changes to its categories, recognising both projects and individuals, locally and internationally, as well as those that have addressed the current planning environment. A total of 11 categories were introduced. The entire submission and evaluation process was carried out electronically due to the Covid-19 pandemic, prompting SIP to adopt innovative digital methods.

A panel of 16 respected judges from both local and international backgrounds evaluated a record number of submissions from countries such as Singapore, Malaysia, China, Vietnam, Rwanda, Kazakhstan, and Turkey. The judging process involved an initial round via an online platform, followed by a second round of deliberations over Zoom.

The panel of judges for award categories 1-9 included Dr. Aya Sakai, Ms. Chan Hau Yin Margaret, Professor Erwin Viray, Dr. Evan Gwee, Ms. Fun Siew Leng, Mr. Ho Weng Hin, Ms. Hwang Yu-Ning, Mr. Jeffrey Ho, Dr. Jonas Joerin, Mdm. Khairiah Talha, Mr. Khoo Teng Chye, Dr. Lim Tit Meng, Mr. Michael Koh, Ms. Motoko Kaneko, Mr. Ng Siau Yong, and Mr. Wilfred Loo.

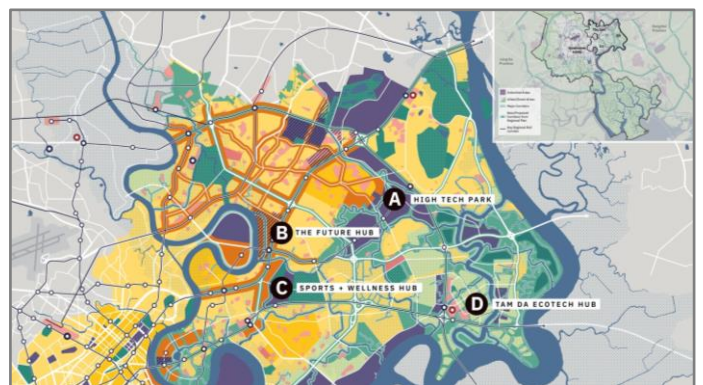

The panel for categories 10-11 comprised Mr. Bai Yan, Mr. Djoko Prihanto, Ms. Evlyn W.Y. Cheong, Ms. Karen Tham, Mr. Li Yu Zhou, Ms. Nina Yang, and Mr. Scott Dunn.

The winning entries were selected based on their planning approach, methodology, originality, innovation, core values, implementability, and presentation clarity. A total of 28 exceptional urban planning projects were chosen from 93 submissions. Additionally, SIP recognised young planners (below 40 years) who have made significant contributions to the advancement of the planning profession in Singapore.
