For any enquiries about World Cities Summit 2026, please reach out to info@worldcities.com.sg

The biennial World Cities Summit (WCS) is a global platform for government leaders and industry experts to address liveable and sustainable city challenges, share integrated urban solutions and forge new partnerships. Since its inauguration in 2008, WCS has seen the participation of over 250 unique cities from around the world, represented by leaders from government, business, international organisations, and academia. The Summit typically spans three days, comprising the main conference and key highlights such as the Mayors Forum, WCS Young Leaders Symposium, the Science of Cities Symposium, the Lee Kuan Yew World City Prize, and an exhibition.

WCS 2026 will be the 10th edition of the Summit.

Since the inaugural World Cities Summit in 2008, we have welcomed

>250
Unique Cities

140,000+
Participants

250+
Exhibitors and Presenters

500
Speakers

550
Young Leaders

World Cities Summit 2026 celebrates how cities are transforming through bold leadership and partnerships, to actively shape a more liveable future for all.

Delegates can look forward to discussions centred around the theme across six WCS Tracks. Each Track comprises high-level Leadership Plenaries and in-depth discussion sessions and masterclasses, special convenings and roundtables, organised with strategic partners to ensure a rich and diverse discussion.

Can cities keep up with the needs and aspirations of their residents?
Are cities good for your health?

Can we create cities in nature through regenerative design?
How do cities achieve resource circularity and low-carbon futures?

How can AI enable our cities to be even smarter?
Can smart cities love humans?

How can cities optimise green financing solutions?

How do we build new cities?
How can we make density and polycentricity work for cities?"

The WRLDCTY Connections Stage showcases the world's most inspiring and imaginative urban innovators and radical approaches towards better urban futures.

We welcome Asia Infrastructure Forum (AIF) as a co-located partner event at WCS 2026. This convergence will amplify the impact of each platform, and nurture a dynamic and collaborative ecosystem for city and infrastructure development in the region.

Asia Infrastructure Forum (AIF)

AIF is the foremost platform for infrastructure players and thought leaders to discuss key issues such as the future state of infrastructure, sustainable financing, technological innovation and collaboration.
